## LOSS FROM LAST YEAR

School Enumeration Report  
Shows Fewer School  
Children.

Total of 5236 in the County—  
More Boys Than  
Girls.

The report of the school enumerators for 1906 has been completed and placed in the hands of County Superintendent W. O. Headlee.

The report shows a loss of forty school children from the number last year.

As this enumeration is the basis on which money is drawn from the State Treasury to cover the cost of the operation of schools, the money which Rush county will receive next year will be \$114.20 short of what it was this year.

Outside the city of Rushville, the loss was general, but here there was a gain of several children between the ages of 6 and 21 years. It does not mean that every person between those ages goes to school, but money is received from the State for their education whether they attend school or not, and the amount being \$2.88 per capita.

## COMMISSIONERS TO IMPROVE ROADS

Will Buy Thousands of Yards  
of Gravel and Crushed  
Stone.

The county commissioners at their meeting today, decided to advertise for bids on the contract for furnishing several thousand yards of gravel and crushed stone with which to improve the roads of the county.

In the southern district, the commissioners will buy 500 yards of gravel and 800 yards of crushed stone for Supt. King; 1000 yards of gravel for Supt. Gowdy; 500 yards of gravel for Supt. Maffett, and 500 yards of stone for Supt. Hood.

In the middle district, 1000 yards of stone will be delivered in Rushville for distribution. The commissioners will also buy 500 yards of gravel for the King and Raleigh pike, 300 yards for the Snelser Mill pike, 300 yards of gravel for the Milroy pike, 500 yards of gravel for the Glenwood pike and 300 yards for the Arlington and River roads.

In the northern district 200 yards of rock will be distributed at Falmouth, and 200 yards of gravel will be purchased for Supt. J. T. Bowels' district.

## SOCIETY NEWS

The supper and dance given by the Social club last evening was attended by about thirty-five couples. The club rooms were tastefully decorated for the occasion, with potted plants and cut flowers. Orear and Bundrant furnished the music for the dance. Among the out-of-town guests were Miss Lock and Mrs. Tinker, of Los Angeles, Cal., who are visiting Mr. and Mrs. T. H. Reed and Miss Sanburn, of Indianapolis.

## THURMAN GETS LIFE SENTENCE

Found Guilty of Poisoning Reuben Bailey at New Castle.

Frank Thurman, colored, indicted for putting poison in the coffee drunk by Reuben Bailey, his father-in-law, at New Castle, causing his death, was found guilty yesterday by a jury, and was sentenced to life imprisonment. Thurman was unmoved when the verdict was read, and he smiled as he accompanied the sheriff from the courtroom. Four of the jurors voted first for the death penalty. The jury was out just fifty-four minutes. The trial lasted three or four days.

## MADE A VERY GOOD SHOWING

Rushville Commandery Knights  
Templar Rated High at  
Conclave.

Earl Payne, Oliver Ong and Col. E. H. Wolfe have returned home from Winona, where they represented Rushville Commandery Knights Templar at the State Conclave.

They report that the local commandery made an excellent showing. Rushville competed and tied with Ripley Commandery of Indianapolis, and Anderson and Muncie commanderies for third place in the comparative statement. All had an average of 89 per cent. Evansville won first place with an average of 91 and Franklin fell second.

Rushville took first place for the largest per centage of membership at the inspection. Rushville had a per cent. of 75, while Lebanon who fell second, had 71. On account of the rapid growth and splendid condition of the local commandery during this short existence, it was agreed that Rushville was entitled to a place in the comparative statement, in everything except one point. Commanderies are usually not rated until after the second inspection. Rushville has had but one inspection.

## EGGS SELL BY THE POUND

Shelbyville Merchants Think  
Farmers Sell Them the  
Small Eggs.

"The old method of buying and selling eggs by the dozen promises to soon give way to the weight plan," says the Shelbyville Republican. "Local grocers will put a differential on eggs bought from the farmer not as to age, but as to size. They have learned that the farmers are selling them the smaller eggs and saving the larger ones for buyers for the eastern market, where weight of eggs is counted more and more in the price. After the eastern plan some of the local grocers sell eggs at a varying price. If the smallest size brings 15 cents a dozen the next size is sold at 17 cents a dozen and the size passing through the largest mesh in sorting sell for another cent more."

"One of the prominent egg and poultry dealers in this city says that there is little doubt that the farmers will be forced by conditions to pay more attention to a breed of poultry that produces larger eggs instead of more eggs. He says that they are breeding Leghorns freely because they lay many eggs, but that they are so small that they must necessarily sell for less money per dozen. One of two things must be done he thinks, get larger eggs or sell them by weight."

## ORGAN RECITAL BY PROF. HANSEN

Blind Organist of Indianapolis.  
"Delights" Appreciative Audi-  
ence at Christian Church.

Prof. Charles F. Hansen, the celebrated blind organist at the Second Presbyterian church, Indianapolis, delighted a small but highly appreciative audience, with his recital last night at the Main Street Christian church.

For an hour and a half the people, who, practically without exception, formed the best of Rushville's musical talent, sat spell bound as the organist brought the most wholesome expression from the gigantic pipe organ.

Popular melodies and the most difficult classics were rendered easily with a lightness of touch and accuracy that by a blind man is little short of wonderful.

Prof. Hansen plays entirely by memory. His estimable wife, who is also a splendid musician, reads the music for her husband, who, after but one or two readings, easily memorizes the piece and is able to render it just as it is written, giving proper expression. Last night, Prof. Hansen was forced to respond to several encores.

His program included, Schumann's "Nocturne," "Salome's" "Allegro Symphonie," Handel's "Largo," Myerbeer's "Coronation March," Mendelssohn's "Spring Song," an intermezzo by Mascagni, Wagner's Prelude to "Lohengrin," and Pilgrim's Chorus, a minuet by Bocherini and Lemmen's celebrated "Storm Fantasia."

## DOWIE IS NEAR DEATH'S DOOR

Faith Cure is a Failure in Zion  
and Hunger Stalks in the  
City.

Faith cure is a failure in Dowie's Zion City. Dowie himself is at death's door. One of the elders who went to see him Friday said: "Dr. Dowie will not live the week out. He is weak as a child—mentally as well as physically. He cannot take food without help."

Mrs. Ruth Cantel, wife of the head of Dowieism in England, died in Zion City Friday. The woman's death was attended by extreme agony, but no physician was summoned to attend her, only the nurses of Zion City being present in addition to the praying elders.

Mrs. Cantel died after almost every elder and overseer in Zion City had prayed at her bedside. Overseers Voliva, Braesfield and Speicher had delayed the evening prayer service in the tabernacle to plead for Mrs. Cantel's life.

Death occurred at the Elijah Hosplee after a night of agony. The dying woman's screams resounded through the hotel, and no one offered her any medicine. Shortly before daylight the woman and her child died.

And thus troubles are multiplying in Dowie's Zion. Besides all this, it is reported that "hunger stalks in the city," and "children cry for food."

Since Dowie himself is at death's door, and the prayers of Voliva and the elders did not save Mrs. Cantel, the people are beginning to suspect that they cannot trust Deacon Voliva either, who has been instrumental in depositing the prophet. It is natural that a city built on fraud should be as unstable as its foundation.

Physicians who recently examined Dowie found him mentally sound; but they have been looking in the wrong direction for mental unsoundness. They should examine his followers who accept his prophetic and apostolic pretensions when searching for bats in the upper story.

The hardest wood is not ebony, but cocoa. It grows in the West Indies, and is used for making flutes and similar instruments.

## CONVENTION IS AGAIN POSTPONED

Democratic District Convention  
Puts it off Until After State  
Convention.

Poor Sylvester Meek, Democratic chairman of the Sixth district, goes blindly on, blundering and then trying to right the wrongs. Meek has not yet found out, "where he is at." The Sixth District Democratic congressional convention has again been postponed. The Democrats do not wish to endorse Rev. Kuhn and they are staying the sacrifice as long as possible. Concerning the postponement the Shelbyville Democrat says: "District Chairman Meeks was in the city yesterday and authorized the Democrat to withdraw the date of May 31 for the Democratic congressional convention to be held at Greenfield."

"It conflicted with the judicial convention for this district, which was fixed for the 31st of May at Rushville long before Mr. Meeks stated to the Democrat that he would not call the congressional convention until after the State convention, which will be held June 7th."

Two calls for the Democratic congressional convention have already been made and then rescinded. The Democracy of this district is in such a turmoil that Meek finds it hard to please everyone.

Stokes Jackson, of Greenfield, has been appointed a member of the Democratic State Advisory Committee for the Sixth District by State Chairman O'Brien. In order to fill out the remaining blank space on the letter head of the stationery used by the chairman, the name of Mike Sullivan, of Shelbyville, was added to the list by the request of the printer who received the contract to print 20,000 letter heads for use of the committee during the coming campaign. But Stokes Jackson, of Greenfield, is the man who will, in reality, dictate to District Committeeman Meeks in looking after the politics of the Sixth district.

## THE FACTORIES ARE NOTIFIED

They Must Report all Accidents  
to the State Very  
Promptly.

Notice has been sent out by D. H. McAbee, State factory inspector, that hereafter the department of inspection will enforce the law which requires owners of manufacturing plants promptly to report all accidents in their shops.

In the letter Mr. McAbee says the department has ever since its establishment, dealt leniently with manufacturers in this matter, believing that compliance with the law could better be brought about by education, but he says he thinks that seven years of education is long enough. The law requires that all accidents in manufacturing or mercantile establishments, mines, quarries, laundries, renovating works, bakeries or printing offices must be reported to the factory inspector within forty-eight hours after the accident. The inspector makes a thorough investigation and suggests means by which similar accidents may be avoided in the future.

## THE STATE G. A. R. ENCAMPMENT

The arrangements for the annual encampment for the G. A. R. at Lafayette, May 23d, 24d, and 25th, have been completed to the smallest detail. Provisions have been made for caring for all visitors. The headquarters will be at the Lahr hotel. On the same date of the encampment the W. R. C. will hold its annual convention at Lafayette.

Many members of the Joel Wolfe Post G. A. R. of this city are making arrangements to attend and also representatives from the W. R. C.

## SAVED BABY SISTER'S LIFE

Heroic Act of a Twelve Year  
Old Shelby County  
Girl.

Shelbyville, Ind., May 12. — In rescuing her six-months-old sister from an upstairs room in a burning house yesterday, Dessie Dake, twelve years old, received serious burns. A watch which belonged to her dead mother was the only other article saved by the girl out of the burning house.

The house in which the family of David Dake lived was the last house in the once thriving town of Doblesville. The town was laid out in the early days of Shelby county, but its prestige waned when its site was shunned by the newly built Big Four railroad.

While the little girl was on her way from a field in which her father worked she saw smoke issuing from a gable of the house. She ran to the house and pushing open a door, groped for the stairway and scrambled blindly into the second story, where her baby sister lay screaming and half suffocated on a cot. As she gathered the baby in her arms the burned cords of a large picture snapped and the frame threw her to the floor. She groped her way again to the stairway with her burden, snatching her mother's watch from a bureau as she passed. When she reached the ground her hair and that of her baby sister was scorched and their flesh was blistered by the heat. When Dake arrived the house was enveloped by the flames.

## DIRECTORS TO BE TRIED SEPERATELY

Judge Brown Sustains Motions  
by Defendants in Equitable  
Case.

Several of the directors of the defunct Equitable Building, Loan-Fund and Savings Association, who are defendants in the \$20,000 damage suit, filed by Receiver Moor, will be tried separately, motions, to that effect, having been sustained by Special Judge Brown today. The plaintiffs attorneys took exceptions to the rulings.

Those of the directors who have been granted separate trials are Theodore Betker John F. Moses, Dr. F. M. Sparks, F. B. Johnson, Frank Wilson and Lawrence Geraghty. In each case Judge Brown gave thirty days for the filing of a bill of exceptions.

In securing separate trials the directors have gained a decided victory. Should the evidence be against them judgment, it is said, must be rendered in proportion to the evidence. If some of the defendants can prove that they were not negligent as charged in the complaint, they will not be responsible and the burden will fall on the few who are unable to do so.

## JUVENILE "SCRAPS" SERIOUS RESULT

One Youth Strikes Another  
in the Head With a  
Club.

"Ernest," the thirteen-year-old son of Mrs. Jennie Armstrong, West Fifth street, was painfully injured in a fight between himself and Benjamin, son of Mr. and Mrs. Simon Rudy, late last evening. It is not known just from what the trouble originated, but in the course of the melee, the Rudy boy struck the Armstrong boy over the head with a club, inflicting a bad gash that was about two inches long and bared the bone. The wound bled profusely and the youngster was taken to the office of Dr. E. I. Wooden, who found it necessary to sew up the gash in order to close it.

## ARRANGEMENTS ABOUT COMPLETE

Rev. Karstedt, of Indianapolis  
to Deliver Lodge Memorial  
Address, June 3rd.

The joint committee composed of members chosen from the Knights of Pythias, Modern Woodmen, Red Men and Odd Fellows of the city held another meeting last night at the K. of P. hall to perfect arrangements for the union memorial services to be held Sunday, June 3d.

Rev. W. M. Karstedt, of Indianapolis, was chosen to deliver the memorial address and the Rushville concert band was selected to furnish the music.

The usual program will be observed, the members of the lodges meeting at the various lodge rooms at 1 p. m., forming in line at 1:30 and marching to the cemetery at 2. The speaking will be held at the cemetery, the weather permitting. Otherwise it will be held either at the opera house or court house.

## PENSIONERS MUST SIGN IN PERSON

The pension department has issued orders to all notary publics that in the future no pension vouchers must be signed unless the party to whom the voucher is issued is present in person with the voucher in his possession.

A heavy fine is imposed on both the notary public and the soldier who has a voucher acknowledged otherwise. It appears that heretofore it has been the custom of the old soldiers to file their vouchers with the notary public who would sign them as if the party to whom they were issued was present. This is clearly a violation of the law, but as it had become the custom of notaries all over the country, the department issued orders to stop it, and anyone violating the order in the future will be heavily fined and the commission of the notary revoked.

## DANES ARE BIG BUTTER AND EGG PRODUCERS

The Danish farmer produced during the past year \$6,000,000 worth of eggs for export, while the butter production for sale purposes amounted to \$10,000,000. The whole of the little country is like one co-operative organization for the production and sale of farm products. The whole business is reduced to a standard and every energy devoted to maintaining the national reputation in foreign markets. The result is that no country in the world, in proportion to its population, has made such progress in the export business of farm products.

## BILL BUMPS THE BUMPS

Bailey's Vaunted Amend-  
ment Downed by Deci-  
sive Vote.

The House In an Electric Hour  
and a Half Broke all Previ-  
ous Pension Records.

Chicago, May 12.—Direct charges of collusion between the Standard Oil company and the St. Louis & Iron Mountain railroad were made during the second day's hearing of the investigation of relations between the oil company and the common carriers of the country, before the interstate commerce commission.

H. J. Cohn of St. Louis, for fifteen years connected with the Standard Oil company, declared that the agents of the railroad acted as agents of the oil company and received a commission on the amount of oil they sold. He himself, acting as an agent of the Standard Oil company, had, he said, appointed agents at various places on the Iron Mountain road in Missouri. He had known station agents to resign, he said, because the oil business was taken away from them, and the pay was not sufficiently remunerative otherwise.

Attorneys for the Standard Oil company during the cross-examination of Maxon, the Illinois operator who testified Thursday, showed that he has repeatedly written letters to officers of the oil company threatening to make trouble because he did not consider himself well treated. Maxon admitted writing the letters, and said that he did it "just for amusement."

Other witnesses were A. J. Davidson, president of the St. Louis & San Francisco road; J. E. Tucker, chairman of the Central Freight Traffic association; H. J. Cohn of St. Louis, and S. L. Hibbs of Peoria, Ill.

Mr. Tucker said that Sept. 29, 1889, the pro rating on oil west of Detroit was withdrawn. F. W. Boltz, traffic manager of the National Petroleum association, was permitted to cross-examine the witness.

"We would like to show that protest has been made to the Central Traffic association on the part of independent refineries against certain rates," said Mr. Boltz. It was arranged that Mr. Boltz will be allowed to examine the records of the association to discover the alleged protest.

Mr. Tucker was questioned at some length regarding the manner in which the Central Traffic association is conducted. He was succeeded on the stand by H. J. Cohn of St. Louis, who was connected with the Waters-Pierce Oil company for fifteen years. He declared that certain territories in Illinois were divided between the Waters-Pierce Oil company and the Standard Oil company for the sale of oil. The accounts of the former company are, he said, checked up by auditors of the Standard Oil company. The witness declared that in one published tariff of the Missouri Pacific road a reduction of 1 1/2 cents per hundred on oil is provided for if the pipe line passed under the Mississippi river. The Waters-Pierce Oil company up to three years ago, he said, owned two pipe lines passing under the river. The Iron Mountain road, the witness said, had acted as an agent in securing business for the Standard Oil company from all small towns in southern Missouri, receiving a compensation for all work done. Agents of the road, he said, acted also as agents for the oil company. For their services they were paid a commission of 1 cent a gallon. The witness said that he as an agent of the Standard Oil company had appointed new railroad agents in Missouri where vacancies existed. One man, the witness declared, had resigned his position when he lost the oil agency, saying that the position did not pay enough without the oil business.

The last witness of the day was S. L. Hibbs of Peoria, Ill., who gave evidence regarding the methods of crushing independent dealers, similar to that given by previous witnesses.

During his testimony Attorney Miller, representing the Standard Oil company, objected to the evidence, claiming that it had no bearing upon the relations of the company with the railroads, and saying that it simply is a "lot of muck-raking."

**SIGNIFICANT STATEMENT**  
 "Whip of the House" Has a Word on  
 the Philippine Situation.  
 Indianapolis, Ind., May 12.—Congressman James E. Watson of Rushville, "whip of the house," who was here today enroute to Washington, declared that unless this country establishes free trade with the Philippines, it may as well give up the islands. The people of the Philippines, he said, should be treated just the same as those of other possessions of this country. He predicted that the house will quickly pass the railroad rate bill now being amended by the senate.

Alexander Dowling of New Albany, formerly judge of the supreme court, may be the Republican candidate for congress in the Third district. From information obtained here today he is the choice of a majority of the leaders of the party, who believe they can elect him because of the dual nomination of Cox and Zenor by the Democrats. Judge Dowling is a strong man, but will have very little chance if there is but one Democratic candidate. Several years ago Robert J. Tracewell, now controller of currency at Washington, was elected from the Third district because of a row among the Democrats, but he only served one term. The Democratic leaders are still hopeful that they can get their differences patched up soon, so there will be no chance of a Republican victory.

The Indiana railroad commission has decided to test the provision in its laws forbidding discrimination in freight rates in long and short hauls. The railroad commission law is specific on the subject, but the courts have not passed on the question. Complaints were filed by shippers on the Monon and Chicago & Eastern Illinois that those companies charged a higher rate for a short haul than a long one. The commission investigated and found facts existing that caused it to lay the matter before Attorney General Miller, who will soon bring suit. The penalty for violating the statute is a fine of not less than \$500 nor more than \$5,000 for each offense.

Attorney General Miller has written James R. Garfield, commissioner of corporations, offering to assist in any way possible in the prosecution of the Standard Oil company in Indiana, but has received no reply. He declared, however, that he knows of no violation of the laws of this state by the Standard. He has informed Garfield that the Indiana law does not give him the power possessed by the attorney general of Ohio to bring suits in the supreme court against offending corporations. It is very likely he will ask the legislature next winter to amend the Indiana laws to conform to those in Ohio.

Ex-Mayor Holtzman said today that he will appoint a committee within the next few days to take charge of the movement to reorganize the Democratic party. There will be one member from each congressional district. They will have a meeting here some time next week to issue a manifesto of some kind to the public. It will probably be in the nature of a personal attack on Chairman Taggart and Chairman O'Brien. Holtzman seems confident that the reorganization movement will be a success.

## LET 'EM RAKE IT

So Says Mr. Clements In  
 Answer to Protest Against  
 "Muck Raking."

### STANDARD ON THE RACK

Hearing Before Interstate Commerce  
 Commission Brings Out Many  
 Most Interesting Statements.

Among Other Things Collision Be-  
 tween the Oil Trust and Railroads  
 Is Directly Charged.

Washington, May 12.—Senator Bailey's non-suspension amendment, applying to orders of the interstate commerce commission as covered by the railroad rate bill, which has occupied so much of the attention of the senate in connection with that bill, was adversely disposed of by the decisive

SENATOR JOSEPH W. BAILEY OF TEXAS.

vote of 23 to 54, practically a party vote. The debate on the provision was limited to a brief political speech by its author, in which he said the president had changed his attitude on the question of maintaining the rates fixed by the commission until the courts reach a final decision.

An amendment offered by Senator Rayner confining the court review to constitutional questions was also voted down, but not until after speeches had been made by Rayner and Bailey in advocacy, and Allison, Fulton, Long and Cullom in opposition. The debate was in anticipation of the discussion that is expected to occur upon the Allison court review provision. Messrs. Rayner and Bailey contended that the Allison amendment authorizes the broadest possible court review, and the Maryland senator urged that in it Senator Aldrich had achieved a signal victory.

A number of other amendments offered in the main by Democrats and by Senator LaFollette were rejected. The votes were generally along party lines during the entire day, but Wisconsin senator voted with the Democrats on all propositions, and Messrs. McEnery and Morgan, Democrats, voted with the Republicans on most of them. The only amendments accepted during the day were those offered by Senator Allison striking out the phrase "fairly remunerative" in the provision allowing the interstate commerce commission to fix rates; limiting the operations of orders of the commission to two years, and making the interstate commerce commission the defendant in suits challenging the rates fixed by it. The anti-pass provision heretofore adopted was again discussed. It is evident that it will be modified.

Section 5 of the court section of the bill, was read and the amendments of Mr. Allison striking out the provision regarding the time when orders of the commission shall take effect and providing that the interstate commerce commission shall be made the defendant in suits brought to set aside the orders of that body, were offered by Mr. Cullom and adopted without discussion. The amendment conferring jurisdiction upon the circuit courts to hear and determine suits brought against the commission, was read, and that with an amendment which Mr. Rayner offered to the amendment was under consideration when the bill was taken up today.

Three hundred and twenty pension bills were passed by the house in an hour and a half. This record has never been equalled in the disposition of pension legislation.

### British Make a Protest.

Cape Town, May 12.—It is authoritatively stated that in a fight May 4 the Germans pursued the rebel chief Marengo four miles over the eastern border of German Southwest Africa into British territory. The Cape police protested, but the German commander refused to retire, saying that he intended to "finish his job." Marengo, who lost twenty-seven men in the engagement, is believed to be hiding near the border. The Cape government through the German consul has formally protested against the violation of the frontier.

### Schurz in a Critical State.

## LOCAL BREVITIES

Fair tonight, warmer south portion. Sunday generally fair and continued warm.

Mrs. T. M. Greenlee is ill at her home on West Third street.

Will Schafer and family, of North Oliver street, are moving to Seymour.

The latest word from Arthur Kinnett is to the effect that he is improving.

New Castle has organized a ball team that will play all of its games abroad.

Sometimes "the price of peace" is the same as the rate charged for want advertising.

New brick alley crossings have been placed on both sides of Main street between Fourth and Fifth.

Ivy Lodge, Knights of Pythias, will initiate four candidates into the Page rank, Monday evening.

The plasterers have about finished work on Elmer Readle's new house, on North Jackson street.

Capt. J. K. Gowdy's fine new brick stable on the rear of his North Perkins street lot is rapidly being completed.

The body of Mrs. Lewis, who died at Connersville, yesterday, will be buried in Hopewell cemetery, Sunday afternoon.

The C. H. & D. railway company is preparing to put in a new bridge over the mill race, east of the I. & C. power house.

William Hite, living one mile south of Andersonville, died yesterday. He was seventy-five years of age. The funeral will be held Sunday.

Work is progressing rapidly on Owen L. Carr's new house, corner Fifth and Perkins street. The stone veneering is now being placed in position.

Eddie Barrett gave a fish fry to a number of his friends last evening at Madden's restaurant. Messrs. Colsher, Johnson and Brown were present.

Dr. J. C. Sexton, Donald L. Smith and John S. Abercrombie will attend a State banquet of the Delta Tau Delta Fraternity at the Commercial club, Indianapolis, tonight.

Ivy company, U. K. K. of P. and Ivy Lodge, Knights of Pythias, have been invited to attend the memorial services to be held by the Knightstown Lodge, Sunday, May 27th.

Word received from Justin Amos, who in company with Michael Gordon and family, went to Arkansas, for Mrs. Amos' health, states that she is showing no improvement.

In packing away sleigh bells for the summer, sprinkle liberally with cayenne pepper and store in a red cedar chest. Moths are passionately fond of sleigh bells, but the recipe, if faithfully followed, will put the kibosh on these destructive household pests.

Connersville Courier: George E. Manlove, the well known citizen of Posey township, has purchased the residence property of Prof. W. F. L. Sanders, in this city, and will reap the reward of his labor in a well earned rest by moving here as soon as he has remodeled the house somewhat. The purchase price was \$500.

J. W. Morris, who resided here twenty-one years ago, at which time he was employed at lighting street lamps by the Rushville Gas company, and who went to Kokomo, where he has since resided, is again in Rushville. He is employed at the power house. He says that Rushville looks quite different than she did twelve years ago, when he was last here.

Edinburg Courier: Rushville's fine \$30,000 high school building is in ruins as the result of the doings of a pack of idiotic students trying to act funny in putting up a class flag. These parties are supposed to go to college for an education, but they only have sense enough to smoke cigarettes and wear a little flat hat that looks like a buckwheat cake. Great students and wise, too!

"Dailey Lock" and "Mary West" were granted a marriage license today.

Mrs. Libby Stone, of Orange, who has been ill for the past week, is now better.

"Mr. and Mrs." Bert Sparks, who were married last Sunday evening have gone to housekeeping at Orange.

Shortridge is reported to have won the ball game at Indianapolis this morning from the local high school by a score of 5 to 4.

John Stiers' new country home, which is being built by A. E. Ward, is ready for the line. It is a fine two-story modern dwelling. The plans for the same were made by Mr. Ward himself.

Letter No. 3 by Charles A. Woodward on "Rushville Reminiscences" appears on the third page today. This article will be specially interesting to lawyers and hunters. In his next article Mr. Woodward will tell of the expert riflemen of his day, interwoven with interesting Rushville reminiscences of the time he writes—between 1840 and 1850.

Shelbyville Democrat: The paternity proceedings instituted in behalf of Miss Josephine Swanigan against Jacob Yancer were settled in the court of Justice Keith this morning, a satisfactory agreement having been reached by the parties. It is said that Yancer stated that he would marry the girl, but would not consider her his wife in any other than a legal sense. In preference to this she accepted a financial settlement.

The Republican office force is indebted to Mrs. Roll Richey for a lot of fine wedding cake, baked by Miss Amy Aldridge, the charming daughter of Mr. and Mrs. William A. Aldridge, of Milroy, who on Thursday evening became the bride of Mr. Clyde Archey. The employees of the Republican office can testify fully to Mrs. Archey's splendid ability in the art of cake baking. Mr. Archey and his bride are two of Rush county's most estimable young people. They will reside in Milroy, where the groom is engaged in buying stock.

Shelbyville Democrat: The Haebl divorce case filed recently in the Rush circuit court was called for trial Thursday at Rushville. The parties reside south of Manilla. Arno Haebl had brought suit against his wife and some sensational allegations were set out in the complaint. Judge Morris represented the plaintiff and Ed K. Adams, of this city, appeared for the defendant. The parties to the suit furnished a surprise by coming into court and announcing that they had decided to live together again and to let the divorce case drop.

For some time there has been a persistent rumor to the effect that Hon. Joseph Bowles, of Mays, whose curb stone speeches have proved of such benefit, had about decided to bolt the Republican party. When seen yesterday, Mr. Bowles, strongly denied that he was about to take any such action. "You see," said he, "some of my political enemies have spread that report, but it is entirely false. I'm a Republican, and I'm too much for them. You see I keep well posted on the affairs of the day. Oh, no they can't answer Bowles when he gets started."

Lieut. Charles C. Smith, who recently returned from the Philippines Islands, on a furlough, visited George H. Caldwell, of this city, this week, while on his way from Connersville, where his wife resides, to visit his mother at Columbus, Ind. Lieut. Smith and Lieut. Caldwell served together in the 161st Indiana Regiment during the Spanish American war and later served together in the 32d U. S. Infantry in the Philippines. After the latter regiment returned to this country, Lieut. Smith entered the constabulary. Through him Lieut. Caldwell learned that some of his comrades, who remained in the islands have been killed.

Miss Lytle, representative of E. S. Burnham Co. will be with us from Tuesday until Saturday to demonstrate JELLCON. We invite the ladies of Rushville to visit our store, and see the quality of this article and the many attractive and delicious dishes which one can make of it.

YOU DON'T DOCTOR YOURSELF. YOU  
DON'T DO YOUR OWN LAW BUSINESS  
WHY NOT LET THOSE WHO KNOW  
HOW DRESS YOU  
**BUSTER BROWN.**

Yes, a business man is just as much a "professional" man as is a lawyer or a doctor. There are good lawyers and doctors and bad ones. You go to the doctor who has a reputation. When you are clothes-sick why not come to the merchant who knows what to prescribe for you? Our reputation is our diploma. Ask our patrons whether or not we have given them clothes that have cured them from looking bad and made them feel good. Ask them if we have overcharged them. Judge for yourself.

If your old suit needs just a "little tonic"—necktie, collars, and cuffs, shirts, hosiery and underwear, we have that too.

No one likes medicine that tastes bad when he takes it. We try to sugar-coat all of our medicine with polite attention to every patron.
